Flinn, a former attorney, is also interested in point of view or rather the challenges presented when multiple points of view collide. In this tautly constructed novel, an HIV-positive high school student sees his life 'fading to black.' Then an unknown assailant attacks him in his car, and he suddenly finds himself sifting shades of gray. As the victim, the suspect and the lone witness take turns with the narrative, 'truth' and 'guilt' grow increasingly elusive.

The book Fade to Black by Alex Flinn is a very good book. It gives an example of what can really happen in real life. People sometimes dont trust somebody just because they are disabled. Things like these do happen and theres nothing we can do about it but just hope that the truth comes up. I find this book interesting because ive never before heard or read of a story/book that has to do with **Fade to Black - Alex Flinn - Paperback - HarperCollins US**
