Financial crises after financial crises have occurred, with
widening impact and deepening severity. This book started
with an objective to understand the impact of high
inflation on poverty in Southeast Asia. However, global
inflation moved quickly into recession in 2008. Southeast
Asia was not an exception.

Global recession has also come to Southeast Asia.
Anticipating that the impact of global recession would be
more severe than that of high inflation, we refocused the
title of the book to Poverty and Global Recession in
Southeast Asia. This book attempts to contribute a better
understanding of poverty and food security in Southeast
Asia during the recent global recession, considering both
