The Cable by Gillian Cookson - free ebooks download
The cable's progress was slowed to five knots, when in the early hours of 11 August, with 335 miles laid and in 2,000 fathoms, it snapped. Bright, who had been attending to the brakes himself, was sure that matters were under control and briefly left the scene to check the speed of the ship and to see how the cable was emerging from the hold. In the moments he was away, the machine was left

The Cable: The Wire that Changed the World - Gillian

...

This is the compelling story of how the first transatlantic cable was laid the people who dared, the people who lost, and the people who profited. It tells of the dramatic attempts to cross the Atlantic during the 1850s and 1860s, from the first failed attempts to the project that finally succeeded. An inconceivably audacious attempt to

The Cable: The Wire that Changed the World: Gillian

...

The Transatlantic cable was a topic that I knew of, but not much about. As I read "The Cable", I realized that this was as big in the mid 19th Century as the Moon Landing was in the mid 20th.
